SLIDING FRAMELESS SHOWER SCREENS

Heavy Duty

Shower Screen Experts

- Quality fittings and 10mm toughened safety glass give you that frameless look with the flexibility of a sliding system
- Perfect for tight spaces in your bathroom, you no longer have to worry about choosing a shower door that opens into your room or choosing an old-fashioned framed sliding shower screen
- Adaptable system, allows for different shower screen configurations: wall to wall, corner, three sided designs and even over the bath
- Fixed panels can be fitted either side of the door
- The fully integrated sliding system has an efficient enclosed roller operation that allows for a smooth, easy to use sliding door
- Small guide on the floor means it is easy to clean
- Standard fittings and track are a chrome finish
- Matte black, brushed nickel and polished brass are also available
- We also offer custom colours
- Minimum suggested width is 900mm
- Every frameless sliding shower screen is custom made to fit your requirements
- 5 year warranty on parts and installation

PIVOT FRAMELESS SHOWER SCREENS

Heavy Duty

- Quality chrome fittings and 10mm safety glass give you that frameless look with the luxury of a weightless pivot door system
- Versatile design provides for door fixing to adjacent walls or panels at 90, 180 or 135 degrees
- Doors can be mounted on a flush tiled floor or inside a stepped floor design of 5-20mm drop
- Floor mounted design provides a safe and secure support for doors of up to 50kg
- Base pivot supports the load of the door directly on the floor
- Reliable gravity forced self-closing doors from approximately 15 degrees
- All fixing screws are concealed for an aesthetic easy clean finish
- Fixing screws do not penetrate the water-proofing
- Doors open inward and outward
- Doors can be pivoted from the ceiling
- Wall brackets are reinforced and cantilevered to support fixed side panels
- Standard finish is chrome
- Other colour options available
- Every frameless pivot shower screen is custom made to fit your requirements
